SOURCE CODE MANAGEMENT USING GIT

Date :09-09-22

Name :M.Divya varshini

Roll no: 19UITE032

This screenshot shows the GitHub repository page for 'Divya-Varshini02 / Sample'. The repository is public and has 2 branches and 0 tags. The 'main' branch is selected. The commit history shows an 'Initial commit' by Divya-Varshini02 on Sep 6, 2022, with a commit hash of 68a47e4. The files listed are .gitignore, LICENSE, and README.md, all committed 2 months ago. The README.md file is displayed with the text 'Sample'. The right sidebar shows the repository's 'About' section, which is currently empty, and the 'Releases' section, which also shows no published releases.

This screenshot shows the same GitHub repository page, but now displaying the 'master' branch. The commit history shows a 'Third commit' by Divya-Varshini02 on Aug 31, 2022, with a commit hash of cd89732. The files listed are HelloGit.class and HelloGit.java, both committed 2 months ago. The README.md file is still present. The right sidebar shows the repository's 'About' section, which is still empty, and the 'Releases' section, which also shows no published releases. A blue banner at the bottom of the commit list encourages adding a README.
